

```
function get_style70 () { return "none"; } function end70_ () {  
document.getElementById('phototype70').style.display = get_style70(); }
```

There are tights or other nylon products in every house. Tights are used for its intended purpose for a very short time, and the rest of their life they poison the environment. The clothing collection and photoshoot that I made has stylistic references to the Victorian era and Pre-Raphaelites. These models demonstrate how tights can be recycled. I would like to emphasize with that the continuity of images in the human culture and to demonstrate the new ideal of beauty.
